NOT FOR NAVIGATION

AIDS TO NAVIGATION

Consult U.S. Coast Guard Light List for supplemental information concerning aids to navigation.

NOAA VHF-FM WEATHER BROADCASTS

The National Weather Service stations listed below provide continuous marine weather broadcasts. The range of reception is variable, but for most stations is usually 20 to 40 miles from the antenna site.

Boston, Mass. KHB-35 162.475 MHz
Hyannis, Mass. KEC-73 162.55 MHz

CAUTION

Mariners are warned to stay clear of the protective riprap surrounding navigational light structures shown thus:

HEIGHTS

Heights in feet above Mean High Water.

AUTHORITIES

Hydrography and topography by the National Ocean Service, Coast Survey, with additional data from the Corps of Engineers, Geological Survey, and U.S. Coast Guard.

SUPPLEMENTAL INFORMATION

Consult U.S. Coast Pilot 1 and 2 for important supplemental information.

CAUTION

Temporary changes or defects in aids to navigation are not indicated on this chart. See Notice to Mariners.

During some winter months or when endangered by ice, certain aids to navigation are replaced by other types or removed. For details see U.S. Coast Guard Light List.

CAPE COD CANAL

A traffic light to regulate west bound traffic through the canal is maintained on the south side of the Canal entrance. Information on operating conditions is available by telephone, telegraph or radio at the Canal Office. Buzzards Bay (see chart 13236).

RACING BUOYS

Racing buoys within the limits of this chart are not shown hereon. Information may be obtained from the U.S. Coast Guard District Offices as racing and other private buoys are not all listed in the U.S. Coast Guard Light List.

CAUTION

Improved channels shown by broken lines are subject to shoaling, particularly at the edges.

FISH TRAP AREAS

Boundary lines of fish trap areas are shown thus:

Submerged piling may exist in these areas.

CAPE COD CANAL REGULATIONS
207.20 (see note A)

HORIZONTAL DATUM

The horizontal reference datum of this chart is North American Datum of 1983 (NAD 83), which for charting purposes is considered equivalent to the World Geodetic System 1984 (WGS 84). Geographic positions referred to the North American Datum of 1927 must be corrected an average of 0.385" northward and 1.918" eastward to agree with this chart.

NOTE S

Regulations for Ocean Dumping Sites are contained in 40 CFR, Parts 220-228. Additional information concerning the regulations and requirements for use of the sites may be obtained from the Environmental Protection Agency (EPA). See U.S. Coast Pilot appendix for addresses of EPA offices.

(see chart 13229)

NOTE X

The 12 nautical mile territorial sea was established by Presidential Proclamation 5928, December 27, 1988, and is also the outer limit of the U.S. contiguous zone for the application of domestic law. The 3 nautical mile line, previously identified as the outer limit of the territorial sea, is retained because the proclamation states that it does not alter existing State or Federal law. The 9 nautical mile natural resources boundary off Texas, the Gulf coast of Florida, and Puerto Rico, and the 3 nautical mile line elsewhere remain the inner boundary of the Federal fisheries jurisdiction and limit of states' jurisdiction under the Submerged Lands Act (P.L. 83-31, 67 Stat. 29, March 22, 1953). These maritime limits are subject to modification, as represented on future charts. The lines shown on the most recent chart edition take precedence.

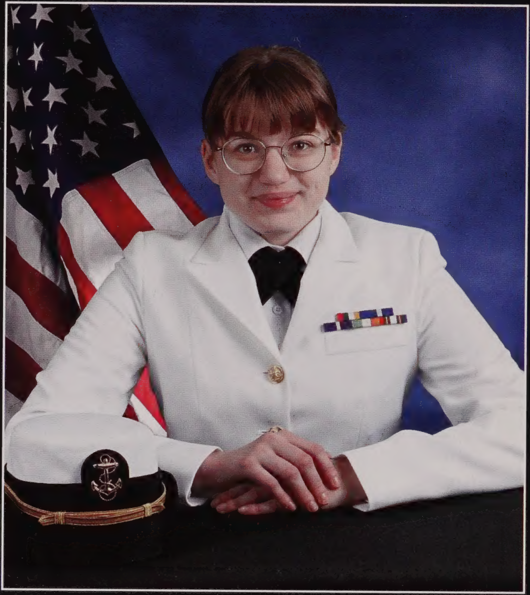
Buzzards Bay, MA 02532

In Memoriam
Amanda Mae Robinson
MMA 23'



YOU ARE
LOVED

Amanda Robinson graduated from the Massachusetts Maritime Academy with the Class of 2023 and earned a degree in Emergency Management (Magna Cum Laude). Although she was unable to walk across the stage that day, her presence was felt by all. Amanda was described as a true "EM nerd" by her professors and as one of the hardest working people you could ever meet.

Amanda,
Our shipmate,
Our classmate,
Our friend,
Fair winds and following seas

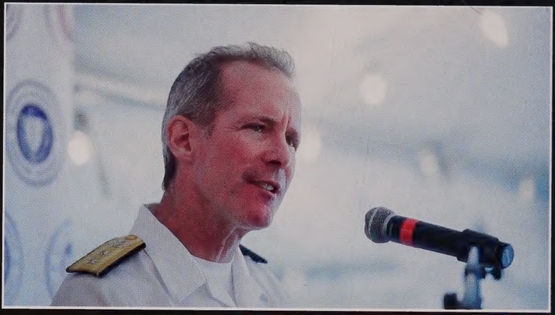
Letter from the Admiral



Class of 2023,

I write to say congratulations to you all for completing the very challenging program known as Massachusetts Maritime Academy. You have survived freshman orientation, morning formation, daily room inspections, your challenging academic program, and your required experiential education co-curricular program. By doing so, you join some 10,000 other Bus who have chosen the path less traveled and built, what I hope you see, as the best version of yourself.

That alone is incredibly remarkable. But you have done more, so much more. You stood at morning formation on 13 March 2020 as we fought to avoid this encroaching pandemic and you found a way to persist as we emptied the dorms, cancelled in-person learning and shut down our regiment of cadets. You battled back the following fall as we again flipped to on-line learning for all non-lab majors and the remainder of you lived in singles with masks on indoors 24/7. You found a way to hang in there as sea term was delayed until the spring of 2021 and we started the spring semester on a February self-imposed lockdown. For those pursuing their license, you endured our first-ever &quot;cruise to nowhere.&quot; For the non-license majors, you jumped through hoops to get your required co-ops done, somehow, someway. And, yes, we began the fall 2021 semester in a normal fashion but were again forced to don masks for all indoor activities as COVID surged after Thanksgiving. The pandemic began to subside and finally, in the fall of 2022, things got back to a relatively normal routine and you, hopefully, got to enjoy your entire senior year with your shipmates.

There is no doubt that you have earned your degree ... and you have earned your position as one of the most resilient, persistent, and determined classes in our 130-year history. Congratulations on a job very well done!

I wish you all the best in your careers and in life.

Take good care, come back and visit ... and GO BUCS!

Letter from the Regimental Commander

Class of 2023,

A hearty congratulations and a job well done! Look at how far we have come, as individuals, as a class, and as an Academy. I vividly remember the first day of orientation, moving into the dorms, changing into PT gear, excited and nervous for what the next four years had in store. As we prepare to embark on the next chapter of our lives, feeling that same sense of nervous excitement, I encourage you to reflect on the memories and friendships that you have formed during your time at MMA. Reflect on how much you have grown and how much you have experienced. The laughs, the sweat, and the occasional tear - that is what we will remember.

Be proud that you have persevered. After choosing the path less traveled, the future is ours to discover. Thank you for your dedication to our customs and traditions, to your studies, and most importantly, to our shipmates.

I am proud to be a member of the Class of 2023. You all have taught me what it means to be a family, as quirky and dysfunctional as it can be at times. Thank you all for the memories, lessons, and friendship.

Fair winds and following seas.

MARITIME
VOLLEYBALL

Class of 2023,

We made it through orientation, COVID, chicken patty Tuesdays, YikYaks, YETI Gate, and now finally graduation. We are now all alumni from THE Massachusetts Maritime Academy. The last four years have been a whirlwind and I couldn't have been happier than serving in the SGA throughout my whole time here. It meant a lot to me to be the voice behind trying to put a smile on people's faces across campus.

I also want to thank you all for coming together as a family with the passing of our shipmate, Amanda. This showed our unique bond we have together and showed how truly special it is to be a cadet at MMA. The sense of comradery is something to take pride in and take comfort in the fact that a shipmate is always just a phone call away. You are never alone.

Congratulations everyone, good luck on your next adventures!

And remember.....
Don't add or subtract from the population.
Stay out of the hospital, newspaper, and jail.
If you end up in jail establish dominance quickly and efficiently.
And if you do drugs...DON'T COME BACK

Congratulatory Messages and Recognition Ads

Congratulations to the Class of 2023

CONGRATULATIONS!

We are so proud of you!
Wishing you fair winds
and following seas!

Love, Mom & Dad

Aidan Luetkemeyer

Kolby Barbieri

Congratulations Monkey!

It has been amazing watching you grow from a Baby Buc into the confident leader you are today. We are so proud of everything you have accomplished during your four years at MMA. We are so excited to see you pursue your new role as Assistant Director of Student Services, while you work towards your Masters. We know that you will continue to grow in this new endeavor and will always be cheering you on from the sidelines. We love you mucho, mucho!

Love, Maja and Faja
XOXO

Mathieu A. Cunha

Mathieu,

When you know where you're headed in life...
When you believe in yourself and your abilities...
When you inspire us and those around you...
When you achieve something few have dared to...
You have already succeeded.
Congratulations Son!!!
We Love you and are SO Proud of You!!!

Love, Mom and Dad

Matthew Flaherty

Congratulations!

We are all very proud of you and extremely impressed with how hard you worked during the past four years to accomplish your goal of becoming a Marine Engineer!

Love, Mom, Dad & Ryan

MASSACHUSETTS
MARITIME ACADEMY

Michael Stoddard

Congratulations Mike!

The past four years have been a tough road but yet you pushed ahead and persevered. As you begin your professional life as a marine engineer, along with serving in the Navy Reserves, know that your Mom & Dad will always be here for you. We could not be more proud of what you have achieved and can't wait to see what the future holds for you.

With Love,
Mom, Dad & Nicole

KENNEDY
MMA

Daniel Santos

Congratulations Daniel!

We are so proud of you and all of the hard work you have put in at MMA. You have reached a great milestone in your life, so hold on to the moment. The world is yours for the taking.

We love you! May God bless your road ahead!

Love,

Pete, Mom & Hannah
xoxo 2023 xoxo

KEVIN THOMAS KIELY

We are so proud of everything you have accomplished and the fine stellar of a man you have become. (you will always be our baby kk).Your strong character and your determination and hard work will take you far in life. Stay the course and follow your dreams. Love Mom, Dad, Sean,Lauren, Brendan, Jennyfer, and Dan.

NOTE S
Regulations for Ocean Dumping Sites are contained in 40 CFR, Parts 220-229. Additional information concerning the regulations and requirements for use of the sites may be obtained from the Environmental Protection Agency (EPA). See U.S. Coast Pilot appendix for addresses of EPA offices.
NOTE X
The 12 nautical mile territorial sea was established by Presidential Proclamation 5928, December 27, 1988, and is also the outer limit of the U.S. contiguous zone for the application of domestic law. The 3 nautical mile line, previously identified as the outer limit of the territorial sea, is retained because the proclamation states that it does not alter existing State or Federal law. The 9 nautical mile natural resources boundary off Texas, the Gulf coast of Florida, and Puerto Rico, and the 3 nautical mile line elsewhere remain the inner boundary of the Federal fisheries jurisdiction and limit of states' jurisdiction under the Submerged Lands Act (P.L. 83-31, 67 Stat. 29, March 22, 1953). These maritime limits are subject to modification, as represented on future charts. The lines shown on the most recent chart edition take precedence.
